

Repair Process

TIGER EYE AUTO
SERVICES AND PANEL BEATING

Step 1

Disassembly

Once authorized. The panelbeater will start disassembling the vehicle.

Step 2

Parts Ordering

Required parts are ordered and further parts may be required. This is done with customers authorization if additional parts needs to be replaced.

Step 3

Panelbeating / Mechanical

The process of repairing damaged panels or other bodywork. Our professionals are qualified and specialize in this type of repair work. It involves a variety of specialized tools and techniques.

Step 4

Paint Preparation

Once panel beating has been completed, the panels need to be painted. After applying a protective primer coat to all repaired panels, they are sanded /smoothed to ensure a perfect paint finish.

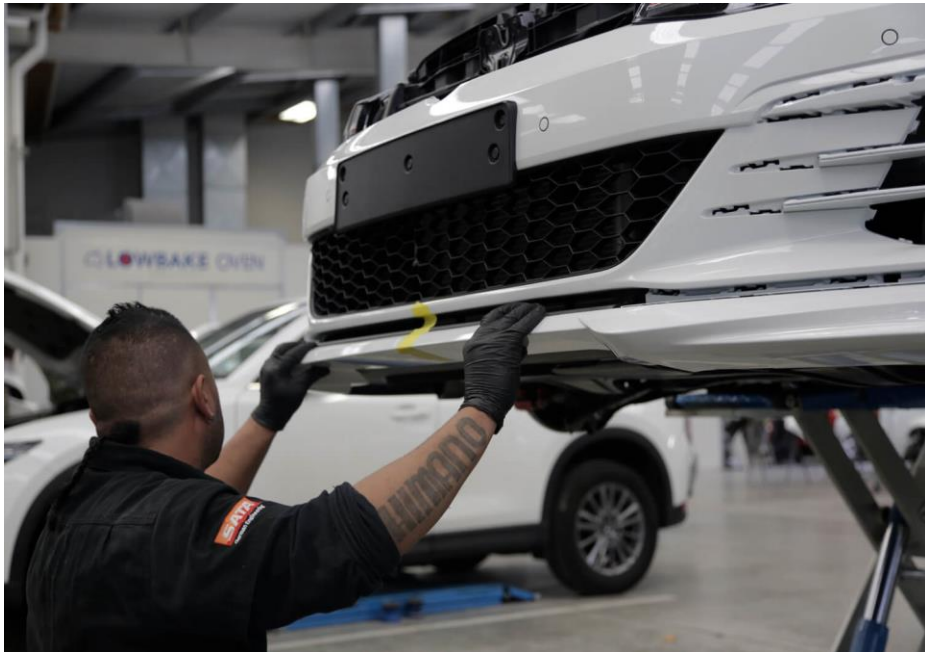

Step 5

Painting

Spray guns are used to spray paint onto the bodywork of vehicles and other items, to change the colour or to repaint scratched or damaged paintwork. The paint technicians will then match the coded mix to the existing vehicle colour. The painting process requires precision and care to achieve a consistent paint finish.

Step 6

Assembly

The vehicle is then reassembled. Body panels are aligned and auto electrical, mechanical and all diagnostics and checks are done to ensure quality of your vehicle is intact.

Step 7

Outwork

Should there be damage to your vehicle that we can't repair ourselves, example wheel alignment, engine repairs or mag repairs your vehicle is sent off site to the relevant auto body specialties partners.

Step 8

Polishing

Polishing safeguards that the newly painted panels and existing painted panels are evenly matched.

Polishing also helps to reduce the appearance of water spots or weakened paint from the effects of weather conditions. Polish and wax have to work together in order to give a car a top of the line shine.

Step 9

Inspection

Our qualified quality inspector will now check the vehicle thoroughly to ensure that our standards. The vehicle is then test driven to ensure all safety-critical items are running.

Step 10

DELIVERY

ONCE WE 100% SATISFIED WITH THE WORK PERFORMED BY OUR TEAM. WE NOTIFY YOU THAT THE VEHICLE IS READY FOR COLLECTION. FINALLY, THE CAR GOES BACK TO ITS OWNER.
